Description

A Charming Period Home in the Heart of Calderstones

Atlas Estate Agents are delighted to present this exquisite four-bedroom detached home, perfectly situated on the prestigious Calderstones Avenue in Allerton, L18. A rare find, this stunning property masterfully blends timeless period charm with contemporary comfort, offering an exceptional living experience for discerning buyers.

As you step into the welcoming and spacious reception hallway, you are immediately greeted by a sense of grandeur, with elegant original features setting the tone for the rest of the home. The property boasts three beautifully appointed reception rooms, each offering a unique and versatile space to relax, entertain, or dine in style.

The heart of the home is the contemporary, well-equipped kitchen, thoughtfully designed to meet the needs of modern living while maintaining the property's character. High-performance insulated flooring and stylish K-rendering ensure exceptional energy efficiency, complemented by solar panels that help to significantly reduce electricity costs.

Upstairs, four generously proportioned bedrooms provide ample space for family life, with two well-appointed bathrooms offering both convenience and

comfort.

Outside, the sun-drenched south-facing rear garden is a true sanctuary, featuring a stunning walled design that provides both privacy and tranquillity. Whether you're hosting summer gatherings or enjoying a quiet morning coffee, this beautifully maintained space is a perfect retreat.

Practicality is also at the forefront, with a generous garage and driveway accommodating multiple vehicles. Furthermore, the property presents exciting potential for extension and development, allowing buyers to tailor the home to their exact needs.

Nestled in one of Liverpool's most sought-after locations, this exceptional home is just a short stroll from the lush open spaces of Calderstones Park and the vibrant amenities of Allerton Road.

A rare opportunity to acquire a truly special home in an unbeatable location—viewing is highly
